This prospectus supplement is being filed to update and supplement the information included or incorporated by reference in the Prospectus with the information contained in our Report on Form 6-K, furnished to the Securities and Exchange Commission on March 2, 2022 (the “Form 6-K”). In addition, our officers, directors and principal shareholders are exempt from the reporting and “short-swing” profit recovery provisions under Section 16 of the Exchange Act. Moreover, we are not required to file periodic reports and financial statements with the U.S. Securities and Exchange Commission as frequently or as promptly as U.S. companies whose securities are registered under the Exchange Act. Investing in our securities involves a high degree of risk. You should review carefully the risks and uncertainties described under the heading “Risk Factors” beginning on page 7 of the Prospectus, and under similar headings in any amendment or supplements to the Prospectus.

Algoma Steel Group Announces Approval of Normal Course Issuer Bid

March 1, 2022

SAULT STE. MARIE, Ontario, March 01, 2022 (GLOBE NEWSWIRE) — Algoma Steel Group Inc. (NASDAQ: ASTL; TSX: ASTL) (“Algoma” or “the Company”) announced today that the Toronto Stock Exchange (the “TSX”) has approved the Company’s intention to make a normal course issuer bid (“NCIB”) for a portion of its common shares (“Shares”) as appropriate opportunities arise from time to time. The Company believes that the market price of the Shares may not, from time to time, fully reflect their value and accordingly the purchase of Shares would be in the best interests of the Company and an attractive use of available funds.

Pursuant to the NCIB, the Company may acquire, from time to time, over a period of 12 months starting March 3, 2022 and ending March 2, 2023, up to a maximum of 7,397,889 of its Shares, or approximately 5% of its 147,957,790 issued and outstanding Shares as of February 18, 2022. In accordance with TSX rules, the number of Shares that can be purchased pursuant to the NCIB is subject to a current daily maximum of 16,586 Shares (which is equal to 25% of 66,345 Shares, being the average daily trading volume during the last six calendar months), subject to certain exceptions prescribed by the TSX, including block purchase exceptions. In addition, all purchases under the NCIB will be conducted in accordance with Rule 10b-18 under the U.S. Securities Exchange Act of 1934, as amended (the “Exchange Act”).

The NCIB commences on March 3, 2022 and will terminate on the earlier of March 2, 2023, or such earlier time as the Company completes its purchases pursuant to the NCIB or provides notice of termination. Purchases under the NCIB will be made through the facilities of the TSX, NASDAQ or through alternative Canadian systems and in accordance with applicable regulatory requirements at a price per Share equal to the market price at the time of acquisition. All Shares purchased under the NCIB will be cancelled upon their purchase.

In connection with the NCIB, the Company has entered into an automatic repurchase plan (the “Plan”) with its designated broker. The Plan is intended to allow for the purchase of Shares under the NCIB at times when it would ordinarily not be permitted to purchase shares due to regulatory restrictions and customary self-imposed blackout periods. The Plan is also intended to meet the requirements of Rule 10b5-1 under the Exchange Act. The Plan constitutes an “automatic securities purchase plan” for purposes of applicable Canadian securities legislation and has been reviewed by the TSX.

For further details regarding the terms of the NCIB, readers are referred to the press release of the Company issued on February 10, 2022 and available under the Company’s profile on SEDAR at www.sedar.com.
